Pedro Lucas

Software Engineer · Flutter · Go

Vitória de Santo Antão, PE, Brazil · Available · remote · full-time

devgomesss@gmail.com · linkedin.com/in/gomesdev1 · github.com/pedrolucas201

I build and run production systems from requirements to post-launch support: Flutter apps, Go and Laravel backends.

EXPERIENCE

Pierfans · Jun 2026 – now
Full Stack Developer (contractor, remote)
Subscription content platform. Evolving and maintaining the web platform in production.
Laravel 11 · PHP 8.3 · MySQL

Invo Consulting · Feb 2026 – now
Mobile & Backend Developer (contractor, remote)
Client projects: a Flutter navigation app for freight transport, in production with drivers, and a B2B tax platform. CI and beta builds validated on real devices.
Flutter · Go · PostgreSQL · MySQL · GCP · AWS S3 · GitHub Actions

Virtual Vision · Nov 2024 – Feb 2026
Full Stack Developer (on-site, Recife)
ConectaSUAS, a multi-tenant public-management SaaS serving 5 city governments. I also took on the team's QA role.
Java 11 · JSP · JavaScript · PostgreSQL · Angular · Ionic

OWN PROJECTS

Pede Direto · La Carne Burger
Ordering site that sends the finished order to the restaurant's WhatsApp, no delivery app in between, plus a store dashboard. Built for a real client, designed as white label.
JavaScript · Firebase · Firestore · App Check · lacarne.com.br · github.com/pedrolucas201/pede-direto

DashUnlock
Open-source, read-only Android app that shows what ships in a car head unit (real vs. advertised Android, hardware, factory apps, known risky packages). Now with testers.
Java · Android · github.com/pedrolucas201/dashunlock

Gas distributor management
My own product, in production with real users: web dashboard, offline-first delivery app and backend. Private code.
React · Vite · React Native · Go · PostgreSQL

STACK

In production: Flutter, Dart, Go, React, React Native, PHP / Laravel, MySQL, PostgreSQL, Firebase, GCP, AWS S3, GitHub Actions
Also work with: TypeScript, Node.js, Java, Angular, Ionic

EDUCATION

Systems Analysis and Development, UNINASSAU (2026 – 2028, in progress)
Portuguese native · English intermediate
